

**READ ME – Metadata for Daily Smelt Summary Table**

*Prepared by Bob Fujimura January 25, 2011*

This folder contains the current daily summary table for salvage trends in delta smelt and longfin smelt and key environmental variables for the current water year (WY2010-11). This information will be posted each workday (excluding holidays, weekends, and furlough days).

Please note that these results are preliminary and are subject to change at anytime.

Any questions or feedback may be directed to Bob Fujimura, [bfujimura@dfg.ca.gov](mailto:bfujimura@dfg.ca.gov)
